

IN THE BARN

All the Horses on this page are available for adoption now. If you are interested in meeting any of these adorable friends, please call the rescue group listed with the picture.

LITTLE DUECE

I am approximately 15 years young and was rescued from a slaughter truck in Canada by Equine Voices Rescue & Sanctuary. I measure 15 hands high and a handsome dun who has been saddle broke for over a year. I know both of my leads, can pivot well, move in response to leg commands, and love to trail ride with or without pony company! I have even started on the barrel pattern, met and mingled with cattle and seen the sights of barrel races and team roping! I behave well in the trailer and will even load for you in the dark.

If I sound like the horse for you, please contact Equine Voices Rescue & Sanctuary at 520.398.2814 to discuss sponsoring me or possible adoption! Also check their website at www.equinevoices.org for updates!

BLAZE

I am a nine-year-old, 13.3 hand handsome mustang gelding with a lively personality. Equine Voices Rescue & Sanctuary took me in years ago after I was found wandering around the Rancho Sahuarita area, in danger of being hit by traffic while searching for greener grazing! Since then I have worked with trainer Caitlin and now, I ride great in an arena setting and LOVE the open trail! I am currently barefoot and stand well for the farrier when it is time for a hoof trim. An intermediate experienced rider would best be suited for me.

If I sound like the horse for you, please contact Equine Voices Rescue & Sanctuary at 520.398.2814 or via their website at www.equinevoices.org.

ROCKSTAR

I am a young gelding who has been under saddle several times. I am currently in foster in Wittman, AZ. I would need an experienced handler or an owner with a natural horsemanship trainer. Adoption fee \$750. For more information, email adoptionmgr@wildhorse.org
